

## Latest JHPS RRSA News

It has been a very exciting start to the new academic year. We have been very busy with Rights Respecting Schools so far - the children have chosen their articles and designed their class charters, we have set up a new steering group and we are getting ready for our Gold assessment, which is on Tuesday 15th June 2021.

### RRSA Ambassadors 2020-2021

Our Rights Respecting Steering Group also known as RRSA Ambassadors from across the school work to ensure that all members of our school community made aware of the rights afforded to them through the UNCRC.

### The Whole School UNICEF Display

Each class has chosen an article to work on; exploring and learning about their rights and how these rights are available to them. They have designed their right respecting buildings on the JHP school street.

## UNICEF Assembly for Parents

Parents and governors were kept informed about the school's commitment to the principles of the UNCRC, they were invited to the UNICEF exhibition held by a steering group more explicitly so that they have a greater awareness of the UNCRC and how this influences our school and children.

## September 2020: Class Charters

The children chose their favourite and most relevant articles to replace the classroom rules. These new "Class Charters" include ways in which adults around school will fulfil their responsibility in ensuring the rights of each child met.

### Year 6: Article 28 (right to education)

### Year 5: Article 2 (without discrimination)

All classes have a display dedicated to the class charter and UNICEF Rights Respecting Information. This is activity linked to Article 28: Every child has the right to a good education.

**October 2020:** Each class celebrated the Black History Month with an Art project. They have chosen an inspirational artist from a significant people from minority cultures or backgrounds and designed a poster. All children were given a 16cm square canvas to design and decorate with a focus on the UNCRC.

As part of our Rights Respecting Schools initiative, every year at Harvest Festival we ask for food donations from local businesses and parents as Article 24 states; All Children have the Right to Healthy Food.

We cannot thank the parents, carers, children and friends of The Jenny Hammond Primary for their generosity with their donations. See below for the wonderful volume of food and toiletries donated.
